

Rotary Compressor

Centrifugal Compressor

CENTRIFUGAL COMPRESSORS				RECIPROCATING COMPRESSORS		
Frequency - DAILY				Frequency - DAILY		
Lubrication Levels: reservoir, oil pump, heaters, & auxiliary systems				Check Lubricant Level: replenish if needed		
Temperatures & Pressures check				Drain Moisture: remove accumulated condensate		
Vibration check and analysis				Visual Inspection: check for oil and air leak reasons if any		
Condensate Drains & Traps to be functionally checked				Listen and Monitor: noise and vibration monitoring		
Frequency - WEEKLY				Frequency - WEEKLY		
Lubrication Levels: reservoir, oil pump, heaters, & auxiliary systems				Test Safety Relief Valves: Manually operate and check PRVs		
Temperatures & Pressures check				Clean Exterior:		
Vibration check and analysis				Check for Air Leaks:		
Condensate Drains & Traps to be functionally checked				Frequency - MONTHLY		
Frequency - MONTHLY				Frequency - MONTHLY		
Air/Gas Filters: check, clean or REPLACE				Service Air Filters		
Control Systems: operational check for control valves & accessories				Inspect Drive Belts		
Leak Detection: Check the entire system for air, gas, and oil leaks.				Check Fasteners		
Tighten loose bolts and fasteners if necessary				Frequency - TURNAROUND		
Frequency - TURNAROUND				Frequency - TURNAROUND		
LOTO				LOTO		
Oil Analysis				Oil change		
Cooling System overhauling				Filter elements replacement		
Relief Valves manually check and test				Valves inspection and refurbishment		
Impeller & Rotor Inspection				Electrical checks and reinstatement		
Alignment - shaft and couplings				Crankcase conditioning		
Safety Systems Calibration				Piston and cylinder visual inspection		
Gearbox Inspection				Bearings condition check and replacement		
Clearance Checks between impellers and inlets				Air receiver pressure vessel inspection and cleaning		
Seal Inspection & replacement				Impeller & Rotor Inspection		
				Alignment - shaft and couplings		
				Safety Systems Calibration		
				Gearbox Inspection		
				Clearance Checks between impellers and inlets		
				Seal Inspection & replacement
